GREAT GATHERING OF THE DEMOCRACY AT NEW-BURG, N. Y .- A tremendous democratic gathering tool place at Newburg, N. Y., on Monday last. About 20. 000 person were present, including delegations from the Empire and Granite Clubs of New York. Three different stands were erected, from which the multitude were addressed by the different speakers, among them Hon. David A. Smalley of Vermont; Hon John A Dix, Hon, Mr. Smith from Connecticut, Hon, Stephen A. Douglas, Messrs. Wright Hawkes, Carnes, Capt. Rynders, E. E. Camp, Lorenzo B. Shepherd, Capt. Jos. A. Yard of New Jersey, (a "brick"), Zadock Pratt, Augustus Schneell (principal Chairman), John Van Buren, John I. Mumford, Gen. Walbridge, Daniel E. Sickles, John Coehran, and others. We regret that we cannot give even an abstract of the many eloquent speeches delivered. In the course of his remarks, Mr. Douglas said, for the first time in the history this republic, one of the two parties were organizing under the general in-chief of the American army. In the early days of the republic the people elected a citi was in danger, and only sheathed it when the invade was driven from our borders. It was very differen now, when a military chief held his office with an iron grasp, and spent the salary of that office in election

The greatest enthusiasm prevailed, and every assur-ance was given that the heart of the Empire beat strong and soundly for Pierce and King.

ELECTION DAY—7 HE SECOND TUESDAY IN OCTOBER

By Announcement fee \$1.00. 21

The fact that an Artificial Digestive Finid, or Gastric Juice, perfectly resembling the natural fluid, may be readed prepared, does not admit of question. The only wonder is, that it has not before been applied to the cure of Indigestion and Dyspepsis—so naturally does such a use suggest itself to the mind.

As a DYSPEPSIA CURER.

Dr. Haughton's Popsin has produced the most marvellous effects, in curing cases of Debility, Emaciation Nervous Decline, and Dyspeptic Consumption. It is impossible to give the details of cases in the initial of this advertisement; but authenticated certificates have been given of more than two hundered remarkable cures, in Philadelphia, New York, and Boston alone. These were nearly all desperate cases, and the cures were not only rapid and wonderful, but perms nent.

Messrs. S. A. Weaver & Co.,—Gentiemen: In relation to my wife, I would say that from childhood site has been afficted with a Humar. About twenty years since it appeared in a very distression. DREPARED from Renaet, or the fourth Stomach of the Ox, after the directions of Baron Liebig, the great Physiological Chemists, by J. S. Houghton, M. D., Philadelphia, Pa.

This is a truly wenderful remedy for indigestion, Dyspepsia, Jaundice, Livar Complaint, Constipation, and Debility, Caring after nature's own method, by nature's own agent, the Gastrie Juice.

Half a teaspoonful of Pepsia, infused in water, will digest or dissolve, Five Pounds of Roast Beef in about two hours, out of the somach.

Pepsin is the chief element, or great digesting principle of the Gastrie Juice in its intensity and stimulating agent of the stomach and intestines. It is extracted from the digestive stomach of the Ox, thus forming an Artificial Digestive Fluid, precisely like the natural Gastrie Juice in its Chemical powers, and furnishing a complete and perfect substitute for it. By the aid of this preparation, the pains and evils of induces the control of the point in the pains and evils of induces the control of the Stomach of the Ox, and so disfigured that her most initimate acquaintances in the last five years. After any gentle exercise, especially in warm weather, parts of the body became covered with spots of a dark red or purple color,

Baron Liebig in his celebrated work on Animal Chemistry, says:

"An Artificial Digestive Fluid analogous to the Gastric Juice, may be readily prepared from the mucous membrane of the stomach of the Calf, in which various articles of tood, as meat and eggs, will be softened, changed, and digested, just in the same manner as they would be in the human stomarh."

Dr. Combe, in his valuable writing on the "Physiology of Digestion," observes that a "diminution of the due quantity of the Gastric Juice is a prominent and all-prevailing cause of Dyspepsia;" and he states that "a distinguished professor of medicine in London, who was severely afflicted with this complaint, finding everything also to fail, had recourse to the Gastric Juice, obtained from the obtain but little sleep or rest, and has often said that her distress was so great she could not describe it.
